CASE MANAGEMENT ORDER #6

Defendants have moved to dismiss eight complaints, and pursuant to Fed. R. Civ. P. 15(a), several plaintiffs in these actions have moved for leave to amend their consolidated class action complaints. In the interest of conserving the resources of the Court and the parties, the Court will itself fix the time for the briefing and hearing of the pending motions, **NOW, THEREFORE, IT IS ORDERED:**

Plaintiffs shall oppose defendants' motion to dismiss and renew or make any motions for leave to amend by 12:00pm on January 9, 2004. Defendants shall serve and file their replies by 12:00pm on January 23, 2004, and shall specifically state any opposition to any motions for leave to amend at the same time in the same brief. Plaintiffs may reply to defendants' opposition on the motions for leave to further amend on or before 12:00pm on January 30, 2004. A hearing on the motions shall be held at 11:00am on February 6, 2004, subject to adjournment by the Court. So ordered.
